

The Green House Family ALC agreement

Being a member of The Green House ALC self-directed learning community comes with the following benefits (including but not limited to):

- Being part of a supportive learning community of people who have shared values
- Access to a physically and emotionally safe facilitated space for your children within a consistent multi-aged group.
- The opportunity to be regularly reflecting and feeding back your experiences which will then help shape the future of the project.

In order to be a member of our ALC, I agree to contribute to the community in the following ways:

- Showing respect and care for myself, all other creatures and the space.
- Play an active part in making our ALC a fun, happy, safe, and supportive community.
- Hold all children in the community with equal care.
- Attend training on and use the agreed community practices (e.g. relevant ALC tools and Conflict Transformation processes) for creating a shared community culture.
- Contribute to the community in ways that inspire me. This could include the following: site maintenance and set-up, sharing a skill or your expertise as an offering, being on a cover rota when facilitators are off sick, admin/accountancy/marketing/social media and other behind the scenes support, or any other support that is needed or you feel drawn to offer.

If this is a family membership, please have all adults in the family sign below.
